## Hazwoper 8 hour Refresher

### 8 Hours

Hazwoper 8 hour refresher provides annual refresher training for general site workers who remove hazardous waste or are involved with hazardous substances or health hazards. Our refresher training complies with OSHA standard 29 CFR [1910.120\(e\)\(8\)](#)

### Learning Objectives

- Overview of Hazwoper training topics relevant to class work assignment
- Updates on new Hazwoper developments with respect to OSHA standards
- Review of changes to pertinent EPA or OSHA standards or laws
- Hands on review of PPE equipment (as available on site)
- Review of newly developed air and containment monitoring equipment (site specific)

### Agenda

- OSHA Policy
- Safety
- GHS
- Monitoring
- Heat Stress
- Spill Response
- PPE
- Toxicology
- DECON
- ICS
- Evacuations
- Confined Spaces
